

PRODUCT DATA SHEET

Product	Metal Lacquer
Type	Low solid lacquer based on a polymethacrylic ester dissolved in a mixture of Ketones, Alcohols and Hydrocarbons.
Intended Use	Dries to a completely clear colourless film preventing the oxidation and tarnishing of brass, copper, bronze and silver.
Special Features	The lacquer does not craze or yellow with ageing.
Preparation	Surface must be clean and free from all traces of wax, grease and metal polish. Lightly tarnished surfaces should be cleaned with a good quality metal polish, which must then be removed with warm soapy water. If the surface is not smooth, a nail brush should be used to ensure there is no polish left in the crevices. The article should then be dried with a cloth.
Application	The lacquer should be applied quickly and evenly with a soft brush. The lacquer can be applied by spray and due to its low viscosity it is not normally necessary to thin. If thinning is necessary, Rustin's Cellulose Thinners can be used. If possible objects such as letterboxes should be removed from the door so that at least one coat of lacquer can be applied to the edges of the reverse side.
Coats	1 coat is normally sufficient. If used on exterior objects, two coats is recommended.
Drying Time	2- 3 hours depending on temperature and humidity.
Re-coating time	2- 3 hours if required.
Application Temp.	Ideally 15-25°C. Do not use below 5°C, or in conditions of high humidity.
Compatibility	To prevent incompatibility please remove any old coatings with Rustin's Strypit Paint & Varnish Stripper .
Settlement	Shake sealed container before use.
Shelf-life/Storage	The shelf life of the product in an airtight container is indefinite. It is preferable to store the product in a cool place. It is important to replace the lid and ensure an airtight seal.
Hazards	Highly Flammable. Keep out of reach of children. Keep container tightly closed. Keep away from sources of ignition. No smoking. A full health & safety data sheet is available upon request.
Clean-Up	Clean tools with Cellulose Thinners.
Sizes	125 ml
