

Flat Sliding Door Set

Product Images

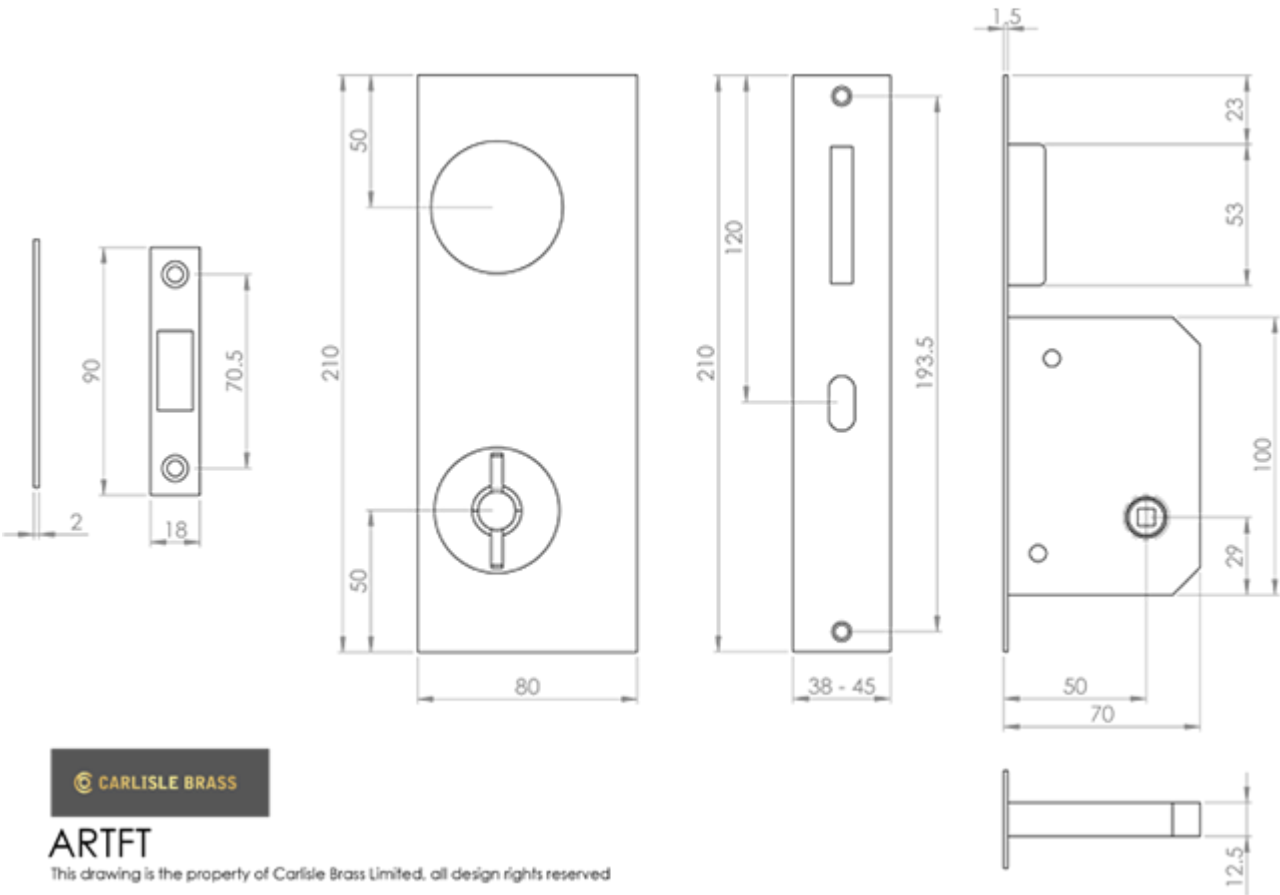

Description

Flat Sliding Door Set with WC Turn and Lock. Exclusive designer sliding door lock assembly for bathrooms. Ultra modern, featuring an innovative wrap

around design with an inset propeller style turn. A spring loaded push in button reveals the hidden pull to enable the door to pulled open or closed. The slim lock has a hook bolt which locates into a keep which is morticed into the frame. The thumb turn operates the lock mechanism and the coin release provides access in case of emergency. This is the ultimate in sophistication and elegance. Comes with a 10 year mechanical guarantee. Suitable for domestic and commercial use.
