

Twist & Spray Colour

PlastiKote®

THE PERFECT FINISH

- New Easy-Spray Technology - provides added control to make spray painting easier, faster and cleaner than ever before.
- Twist and lock mechanism means there is no separate top to remove or replace after use.
- Cap and button design shields the finger from paint for a cleaner spray painting process.
- Any angle spray across our range of colours
- Tough, hard wearing, scratch resistant & can be re-coated anytime
- UV absorbant, water resistant, protects against rust, will not fade or yellow
